

INJURY REPORT FORMS

These are documents to be completed after a workplace injury. Contact Omaha National at 844-761-8400 to report the claim.

DWD-DWC Form WKC-12-E – Employer’s First Report of Injury or Disease:

Use this form to report work-related injuries to Omaha National. Injuries resulting in death must be reported to us and the Workers' Compensation Division of the Wisconsin Department of Workforce Development within one day after the worker's death. Employers are required to notify us of other reportable work-related injuries and disability from occupational disease within seven days after the accident or the start of disability. Send the completed Form WKC-12-E to Omaha National at the same time you report the claim to us. Once the claim is reported, we will submit an electronic report to the Division on your behalf. Please note, you should promptly report **all injuries** to Omaha National, even those that only require first aid; sometimes an injury that seems minor at first can worsen and knowing about these injuries allows us to manage them effectively.

DWD-DWC Form WKC-13-A-E – Wage Information Supplement:

This form may be used to provide information about an injured worker's wages. Send a completed copy to Omaha National at the same time you report the injury to us.

Incident, Supervisor, and Witness Reports:

When a workplace injury occurs, these forms may be used to gather information about an incident or injury. Copies should be sent to Omaha National at the same time you report the injury to us.
