

INJURY REPORT FORMS

These are documents to be completed after a workplace injury. Contact Omaha National at 844-761-8400 to report the claim.

DLSR-5020 – Employer’s Report of Occupational Injury or Illness:

Employers are required to file this report with the Division of Workers' Compensation within five days of learning about a workplace injury that results in lost time beyond the date of the incident or requires medical treatment beyond first aid. Please note, you should promptly report all injuries to Omaha National, even those that only require first aid; sometimes an injury that seems minor at first can worsen and knowing about these Injuries allows us to manage them effectively.

DIA-510 – Notice of Employee Death:

California law requires employers to report the death of any current employee, regardless of the cause of death, when the employer has actual knowledge or notice that the deceased has no surviving minor child. If the death may be due to a workplace injury, send the completed form DIA-510 to Omaha National at the same time you report the claim to us. For death not caused by a workplace injury, send the completed form to the Division of Workers' Compensation as directed on the form.

Incident, Supervisor, and Witness Reports:

When a workplace injury occurs, these forms may be used to gather information about an incident or injury. Copies should be sent to Omaha National at the same time you report the injury to us.
